Clinical Cardio-oncology is a comprehensive, clinically focused title for cardiologists, oncologists, and specialists in cardio-oncology programs who need **up-to-date knowledge about the cardiovascular effects of cancer treatment**, especially on long-term cancer survivors. This brand-new resource covers the implementation of cardio-oncology into your practice, while a **strong focus on patient management** offers helpful information on **coordinating care** before, during, and after therapy. Its **highly organized four-section format** allows readers to quickly and easily locate relevant information.

- **Comprised of four sections for quick and easy reference:** Oncology and Hematology Principles; Cardiac Complications from Cancer Therapy; Coordination of Care; and Cardio-oncology in Practice.
- **Includes online case studies** focused on the structure and implementation of cardio-oncology care.
- **Provides expert wisdom** from cardio-oncology authorities around the world, as well as **consultation and perspectives** from pioneers in the field of oncology.
- **Highlights the principles of cancer therapies**, including radiation and tumor therapy, as well as pre-, intra-, and post-therapy cardiology evaluation.
- Boasts chapters on **implementing cardio-oncology into practice:** primary cancer centers, comprehensive referral centers, group practices, and educational needs and goals for fellowship programs.
- **Advises on how to coordinate care for the patient at every stage of treatment** (pre-therapy, during therapy, after therapy, and end-of-life).
- **Presents detailed information** on various cardiac complications from cancer therapy, such as cardiomyopathy, vascular disease, arrhythmias, and hypertension.
- Teaches the **principles of oncology and hematology** with coverage of different therapy types and cardiac tumors.
- Includes a **comprehensive drug guide**.
- **Expert Consult eBook version included with purchase.** This **enhanced eBook experience** allows you to search all of the text, figures, images, and references from the book on a variety of devices.
