Prepare students for career success with first-hand experience in calculating payroll, completing payroll taxes, and preparing payroll records and reports. The 2017 edition of Bieg/Toland's market-leading PAYROLL ACCOUNTING addresses the latest laws and developments in the field of payroll accounting. Students focus on applications rather than theory with hands-on practice to reinforce concepts. Numerous examples and real business applications demonstrate relevance, while an extensive payroll project lets students practice all they've learned, either manually or using Cengage Learning's General Ledger Software (CLGL). This 2017 edition also covers timely topics on the Fundamental Payroll Certification (FPC) given by the American Payroll Association. In addition, CengageNOWTMv2 course management and online homework tool is available with robust instructor resources to help you easily present today's payroll laws and practices to prepare students for success.
