Quality of Nationality Index Dimitry Kochenov

The Henley & Partners - Kochenov Quality of Nationality Index (QNI) ranks the objective value of world nationalities, as legal statuses of attachment to states, looking at two groups of factors: the internal (scale of the economy, human development, and peace and stability) and the external (visa-free travel and the ability to settle and work abroad visa-free, weighing the quality and also the diversity of destinations).

This first edition gives a global dynamic overview of the quality of all the nationalities in the world over the last five years, providing a sketch of contemporary trends in citizenship and migration regulation worldwide.
