## THE DECONSTRUCTION OF THE AMERICAN CULTURE STEVE D. GALLOWAY

Our nation was founded on Judeo-Christian principles, encouraged by America's founding fathers that believed there was a God who created everyone for a purpose. However, recent times have changed the United States into the secularist movement of America, one focused on removing God from the nation in favor of political correctness. The Deconstruction of the American Culture, the newest book from Christian author Steve Galloway, focuses on religious diversifying within the United States, people becoming more of a "me" generation and redefining key foundations of life such as marriage, life and even the significance of Christmas. Steve, being a pastor himself, also broaches on the subject of church complacency and how important it is for the teachings of Jesus to begin at home, taught to our own children. We were created by God to be disciples of Christ, but now is the time to lead the nation back to God.
