Nerd Ecology: Defending the Earth with Unpopular Culture (Environmental Cultures)

Anthony Lioi

Nerd Ecology: Defending the Earth with Unpopular Culture (Environmental Cultures) Anthony Lioi
Drawing on a wide range of examples from literature, comics, film, television and digital media, *Nerd Ecology* is the first substantial ecocritical study of nerd culture's engagement with environmental issues. Exploring such works as *Star Trek*, Tolkien's *Lord of the Rings*, *The Matrix*, Joss Whedon's *Buffy the Vampire Slayer* and *Firefly*, the fiction of Thomas Pynchon, *The Hunger Games*, and superhero comics such as *Green Lantern* and *X-Men*, Anthony Lioi maps out the development of nerd culture and its intersections with the most fundamental ecocritical themes. In this way Lioi finds in the narratives of unpopular culture - narratives in which marginalised individuals and communities unite to save the planet - the building blocks of a new environmental politics in tune with the concerns of contemporary ecocritical theory and practice.
