A concise guide outlining a versatile traditional oil painting technique which can be adjusted and adapted to suit the style of any artist who uses it. This book gives clear, succinct advice to allow artists to be able to paint in the style of the Old Masters using a technique developed by Stem himself. This book is a text only guide, aimed at experienced painters who are looking for to-the-point advice from a fellow practitioner without a lengthy introduction to the painting process aimed at novices. There is also an accompanying book titled 'The Illustrated Companion to Stem's Oil Painting Guide' which provides step-by-step examples of the painting technique he describes. Bartholomew Stem believes the underlying process of oil painting is very simple. He created this guide to bring straight forward advice to artists at an affordable price.
