**The Worlds Trilogy: Worlds, Worlds Apart, and Worlds Enough and Time** Joe Haldeman  
The acclaimed author of *The Forever War* imagines a future in which most of humanity has abandoned Earth, living in man-made habitats orbiting a troubled world.

In *Worlds, Worlds Apart, and Worlds Enough and Time*, the acclaimed Hugo and Nebula Award-winning author of *The Forever War* imagines a near future rife with exhilarating and terrifying possibilities, when hundreds of thousands of human beings have abandoned the Earth's surface to live in man-made habitats orbiting the troubled planet.

Haldeman's science fiction saga follows Marianne O'Hara, a young inhabitant of the World known as *New New York*, from her arrival on Earth as a student who becomes seduced by radical politics, through her coming of age amid the Worlds' war and the habitats' devastation, and ultimately to Marianne's emergence as a leader—and possibly the last hope of the human race as it heads toward the stars.

Stephen King said of the first book in Haldeman's trilogy, "There are scenes in *Worlds* I will remember forever." These gripping novels will enthrall anyone interested in the future—that of our planet and of the human race.
