This colorful, medium-format wall calendar presents twelve illustrations from the AUC Press Nature Foldout Series. Egypt's unique flora and fauna come to life on each page, including ancient Egyptian animals, prehistoric dinosaurs, birds, plants, and other wildlife that can be found throughout the country today. Each species is identified along with its scientific name, and a brief natural history fact is included for every spread. The calendar is practically designed with plenty of space to write in special events and daily appointments throughout the year.
