Elementary Statistics Mario F. Triola

NOTE: Before purchasing, check with your instructor to ensure you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a **Course ID**, which your instructor will provide.

Used books, rentals, and purchases made outside of Pearson

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

For courses in Introductory Statistics

This package includes MyStatLab™.

Real data brings statistics to life

From opinion polls and clinical trials to self-driving cars, statistics influences and shapes the world around us. Best-selling author Marty Triola is committed to keeping *Elementary Statistics* relentlessly current--with an unprecedented amount of up-to-the-minute real data--so that readers of all backgrounds understand the role of statistics in the world around them. In addition to an abundance of new data sets, examples, and exercises, the **13th Edition** is designed to be even more flexible, with the addition of learning objectives as an organizational tool, larger data sets, and new topics in line with advancements in statistics. In addition, readers will find more support in an all-new series of videos, more opportunities for practice, and improved support for statistical software.

Elementary Statistics is part of a series that also includes an Essentials version as well as technology-specific texts, *Elementary Statistics Using the TI 83/84 Plus Calculator* and *Elementary Statistics Using Excel*. Data sets and other resources for this series are available at our website.

Personalize learning with MyStatLab.

MyStatLab is an online homework, tutorial, and assessment program designed to work with this text to engage readers and improve results. Within its structured environment, readers practice what they learn, test their understanding, and pursue a personalized study plan that helps them absorb the material and understand difficult concepts.

From reader reviews:

Leonard White:

Why don't make it to become your habit? Right now, try to ready your time to do the important action, like looking for your favorite reserve and reading a publication. Beside you can solve your condition; you can add your knowledge by the e-book entitled Elementary Statistics. Try to the actual book Elementary Statistics as your good friend. It means that it can for being your friend when you truly feel alone and beside regarding course make you smarter than previously. Yeah, it is very fortunate for you. The book makes you far more confidence because you can know anything by the book. So , let us make new experience and knowledge with this book.

Lynn Jordan:

Book is definitely written, printed, or outlined for everything. You can understand everything you want by a reserve. Book has a different type. As we know that book is important point to bring us around the world. Alongside that you can your reading ability was fluently. A e-book Elementary Statistics will make you to always be smarter. You can feel a lot more confidence if you can know about every thing. But some of you think that will open or reading some sort of book make you bored. It isn't make you fun. Why they are often thought like that? Have you seeking best book or appropriate book with you?

Helen Massey:

People live in this new day of lifestyle always try to and must have the free time or they will get lots of stress from both lifestyle and work. So , when we ask do people have time, we will say absolutely indeed. People is human not just a robot. Then we consult again, what kind of activity do you possess when the spare time coming to you of course your answer will certainly unlimited right. Then do you ever try this one, reading guides. It can be your alternative throughout spending your spare time, the particular book you have read will be Elementary Statistics.

Mary Lewis:

Playing with family within a park, coming to see the ocean world or hanging out with good friends is thing that usually you might have done when you have spare time, then why you don't try factor that really opposite from that. A single activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love Elementary Statistics, you may enjoy both. It is excellent combination right, you still wish to miss it? What kind of hangout type is it? Oh seriously its mind hangout fellas. What? Still don't buy it, oh come on its referred to as reading friends.
