"*Victoria* is an absolutely captivating novel of youth, love, and the often painful transition from immaturity to adulthood. **Daisy Goodwin breathes new life into Victoria's story**, and does so with sensitivity, verve, and wit."

?Amanda Foreman, *New York Times* bestselling author of *Georgiana: Duchess of Devonshire* and *A World on Fire*, and 2016 Chair of The Man Booker Prize

Early one morning, less than a month after her eighteenth birthday, Alexandrina Victoria is roused from bed with the news that her uncle William IV has died and she is now Queen of England. The men who run the country have doubts about whether this sheltered young woman, who stands less than five feet tall, can rule the greatest nation in the world. Surely she must rely on her mother and her venal advisor, Sir John Conroy, or her uncle, the Duke of Cumberland, who are all too eager to relieve her of the burdens of power.

The young queen is no puppet, however. She has very definite ideas about the kind of queen she wants to be, and the first thing is to choose her name.

Everyone keeps saying she is destined to marry her first cousin, Prince Albert of Saxe-Coburg-Gotha, but Victoria found him dull and priggish when they met three years ago. She is quite happy being queen with the help of her prime minister, Lord Melbourne, who may be old enough to be her father but is the first person to take her seriously.

Drawing on Victoria's diaries, which she first started reading when she was a student at Cambridge University, as well as her own brilliant gifts for history and drama, Daisy Goodwin, author of the bestselling novels *The American Heiress* and *The Fortune Hunter* as well as creator and writer of the new PBS/Masterpiece drama *Victoria*, brings the young queen richly to life in this magnificent audiobook.
