**\*\*\* LIMITED TIME OFFER! \*\*\*** I am tired of relying on pharmaceuticals and chemicals to deal with every day common illness, from a cold to a headache to high blood pressure. Every medication we use, **no matter how common or well-researched, comes with intended and unintended effects**. Some of these effects, such as the intended effects, are desired, like pain relief when taking pain relief medication. The problem is the unintended effects these medications cause in the body. I am not a doctor or a pharmacist, but I tend to rely on my common sense. In this modern age, there are few things as important as managing our health in the most healing and beneficial way possible. The problem arises when we flush chemical, man-made antibiotics into our bodies to try and get rid of infections and other problematic issues our bodies face.

In modern times, pharmaceutical companies have created drugs that incorporate some of these herbs but they are often altered chemically or otherwise. Most drugs that your doctor will prescribe are produced in a lab and sold by large drug companies. Of course, these drugs have their place and do save some a lot of people from death or chronic illness. However, what is concerning is that so many ailments can be healed and so many symptoms can be eased by merely checking out what is already in your spice cabinet.
