This tale is about three men, whose lives have paralleled and intertwined over the decades from childhood to manhood to past middle age. They had been fighters. All of them had had a penchant for violence and had chased the glory and high voltage of the boxing ring. They had challenged themselves to their very limits and perhaps beyond. It is the chronicle of three boys growing up rough and lustful, accumulating the physical and psychic scars of their rather reckless actions both in and out of the ring. The powerful, main women in the book are the romantic essence of the narrative. Without their erotic entanglements, the entire tale would have missed an important dimension of fun and sensuality. Each of the main characters ultimately searches out the sea in an attempt to escape the disappointments of ordinary life, by challenging their souls over the existential battlefields of their own choosing.
