Cutting-edge research on the intersection of race, gender, and politics

Traditionally, there has been a significant lack of empirical attention given to the ways in which race/ethnicity, gender, and political representation overlap. **Intersectionality and Politics** is the groundbreaking collection of contemporary research and essays that applies the concept of intersectionality specifically to descriptive and substantive representation by African-American, Latino/a, and Asian-American elected officials. This unique compilation looks at numerous states and focuses on multiple racial/ethnic groups to demonstrate the importance of this theory for understanding the political leadership of people of color and women.

**Intersectionality and Politics** is the wide-ranging text that is both informative overview and thought-provoking analysis of a subject that has received little practical study. Articles in this important text cover a expansive gamut—from women of color as elected officials and the changing face of leadership in America today to an exploration of the growing interest in intersectionality and a look toward the potential of future research—making it a useful and comprehensive one-stop resource.

Contributors to **Intersectionality and Politics** explore critical topics such as:

- the contours and context of descriptive representation with a focus on women of color
- the puzzle of women of color's proportionately higher percentage of office holding in state legislatures
- agenda-setting behavior of African-American female state legislators
- the impact of race and gender on the likelihood of legislative bill submission and passage
- patterns of gendered representation and related legislative advocacy within Latino delegations in the Southwest
- new findings on the Latino/a gender gap
- the public policy implications of intersectionality theory
- *and many more!*

Complete with extensive bibliographies and a wealth of tables and figures to highlight the striking findings, **Intersectionality and Politics** is ideal for undergraduate and graduate students and educators in political science, ethnic studies, Latino/Black/Asian studies, gender studies, sociology, and women's studies. Policymakers, politicians, and those working in high-minority areas will also find this to be an invaluable text.
