Kennedy's Brain Henning Mankell

An original and breathtaking thriller surrounding one of the most important issues of our time, from internationally acclaimed and bestselling author Henning Mankell.

When archaeologist Louise Cantor's son Henrik is found dead in his flat, she refuses to believe it was suicide. Despite traces of sleeping tablets in his system, several clues that only a mother knows lead her to believe something more sinister took place.

However Louise soon realizes that Henrik had kept many things from her and is shocked to learn he had contracted HIV. While looking through his papers, she discovers he was obsessed with the conspiracy theory that JFK's brain disappeared prior to the autopsy—along with the vital evidence regarding bullet exit wounds. The only lead is a letter and photograph from Henrik's girlfriend in Mozambique.

Louise's quest to unravel the mystery surrounding her son's death takes her to Africa, a continent rife with disease, poverty and corruption. Struggling to cope with the oppressive heat and sickness, Louise sees fear in every face, even unexpectedly in the clinics set up by an American businessman. In **Kennedy's Brain** Mankell confirms his status as a master of suspense, and delivers a timely and riveting thriller that will have readers on the edge their seats until the very end.

From the Hardcover edition.

From reader reviews:

George Miller:

This Kennedy's Brain book is simply not ordinary book, you have it then the world is in your hands. The benefit you will get by reading this book is information inside this reserve incredible fresh, you will get information which is getting deeper anyone read a lot of information you will get. This particular Kennedy's Brain without we recognize teach the one who looking at it become critical in imagining and analyzing. Don't become worry Kennedy's Brain can bring whenever you are and not make your tote space or bookshelves' turn into full because you can have it in the lovely laptop even phone. This Kennedy's Brain having fine arrangement in word as well as layout, so you will not experience uninterested in reading.

Robert Dougherty:

Why? Because this Kennedy's Brain is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will zap you with the secret the idea inside. Reading this book close to it was fantastic author who all write the book in such awesome way makes the content on the inside easier to understand, entertaining method but still convey the meaning totally. So , it is good for you for not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of rewards than the other book include such as help improving your talent and your critical thinking approach. So , still want to hold up having that book? If I were being you I will go to the publication store hurriedly.

Walter Dion:

Do you really one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Make an effort to pick one book that you just dont know the inside because don't judge book by its deal with may doesn't work here is difficult job because you are afraid that the inside maybe not as fantastic as in the outside appearance likes. Maybe you answer might be Kennedy's Brain why because the fantastic cover that make you consider concerning the content will not disappoint a person. The inside or content is fantastic as the outside or maybe cover. Your reading sixth sense will directly guide you to pick up this book.

Marilyn Urquhart:

This Kennedy's Brain is great guide for you because the content and that is full of information for you who all always deal with world and also have to make decision every minute. This kind of book reveal it info accurately using great manage word or we can say no rambling sentences within it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only will give you straight forward sentences but hard core information with lovely delivering sentences. Having Kennedy's Brain in your hand like finding the world in your arm, info in it is not ridiculous a single. We can say that no reserve that offer you world in ten or fifteen second right but this book already do that. So , this is certainly good reading book. Hey Mr. and Mrs. hectic do you still doubt that will?
