Tort Law and Economic Interests

Peter Cane

Tort Law and Economic Interests Peter Cane

This is a book about the way in which the law of tort protects financial assets such as money, property and contracts. It is not a conventional textbook, either in content or arrangement, and the analysis goes well beyond standard undergraduate texts. Many of the issues receive very little attention in the standard texts. This is a thoroughly revised and rewritten new edition which builds on the critical acclaim achieved by the first edition.
