Excerpt from Handbook for Heating and Ventilating Engineers

Especial attention has been given to the simplification of every important subject by applications to practical problems. These applications in most cases have been completely analyzed and their results compared with other parallel cases. No effort has been spared to have the entire subject matter complete and up to date and to present it in a way that will be at once Simple and effective.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
