Interventional Cardiology Secrets, 1e Eduardo de Marchena, Alex Cesar Ferreira

Physicians in-training and clinicians are faced with a rapidly expanding medical literature and a shrinking amount of free time which can be devoted to the acquisition of knowledge and improvement of clinical skills. This book aims to provide a comprehensive and updated review in interventional cardiology in a Q&A format. In each chapter, authors will provide personal insights, address major controversies and how the field of interventional cardiology is likely to progress.

- Strong international group of contributors provides authoritative coverage
- In distinction from the standard texts, this approach is very practical "how to" manual of interventional cardiology
- Bulleted information, charts, tables, and figures round out the clinical, practical coverage
