The contemporary art world is increasingly global, with a larger population, wider territory, and greater number of nationalities than ever before. Its prevailing conversation, however, has yet to catch up. *Art Cities of the Future: 21st Century Avant-Gardes* uncovers twelve distinct avant-gardes that have surfaced in recent decades, exploring their artistic heritage, cultural climate, and contemporary milieu.

The book's format is simple: for each of the twelve cities - Beirut, Bogotá, Cluj, Delhi, Istanbul, Johannesburg, Lagos, San Juan, São Paulo, Seoul, Singapore and Vancouver - a curator selected eight artists to represent the contemporary avant-garde. Though the artists work in a variety of media, including photography, painting, sculpture, installation, video, and performance art, all share two distinct qualities: a commitment to experimental art and a dedication to their local landscape.

Lively, thought-provoking, comprehensive, and packed with more than 500 images, *Art Cities of the Future* is sure to widen the historical narrative, allowing us to imagine a future of diverse aesthetics and shared concerns in the common language of contemporary art.
