For the first time ever, the eyewitness in one of the world's most intriguing and least known UFO cases speaks out in public and gives complete information never previously revealed about his terrifying encounter with aliens in a dark forest near Cisco Grove, California. In the fall of 1964, an event much stranger than fiction took place in the ruggedly scenic foothills of the Sierra Nevada mountain range in the Tahoe National Forest. Into this remote wilderness stepped 26-year-old Donald Shrum, who planned to enjoy a relaxing weekend hunting deer with his bow and arrows. As he entered the forest, joking and laughing with his two hunting buddies, little did Shrum suspect that shortly he would be locked in the midst of a terrifying 12-hour struggle with alien forces. Armed only with his wits and one of mankind's most primitive weapons, Shrum expended every ounce of his strength in an all-night battle against invaders that seemed bent on overtaking him and carrying him away to a fate worse than death.

This is the story that the world has been waiting for decades to hear. Because he worked for a company that made missiles for the U.S. military, the eyewitness never revealed his true identity in connection with his UFO encounter until now. This is first and only fully authorized account ever written about this astonishing UFO incident. This UFO case was called "the most spectacular report we have examined" by Coral Lorenzen of the Aerial Phenomenon Investigation Committee (APRO). Paul Cerny of the Mutual UFO Network (MUFON) said, "There is absolutely no doubt in my mind that this incident is factual and authentic. I have spent considerable time plus many visits with the main witness, and along with the testimony of the other witnesses, I can rule out any possibility of a hoax."

The telling of this incredible tale for the first time ever is with the full cooperation and permission of Mr. Donald R. Shrum, the key eyewitness, his wife Judi, and their son Dan. Judi Shrum, in the book's foreword, writes, "After all these years and for the first time ever, we are disclosing in this book the entire story of my husband's amazing UFO encounter in hopes that others may learn from it, that others may finally know precisely what happened to us, and that perhaps, even so many years after the fact, somehow we might be able to gain additional insight into exactly what did happen in that dark forest." Prepare yourself for this astonishing true story that injects you directly into the middle of a horrifying nightmare come to life and is far more bizarre than any science fiction novel ever could be!
