The story about Jeremy is a great story that will inspire all children at ages 9 and up and even adults as well. This story takes place in a young boys life as he decides on what he wants to do with his life. Jeremy is from a disadvantaged background and takes notice of many negative images around him but he has a great mother and a loving home life that motivates him to want more in life for himself. Jeremy loves the health shows on cable TV and really wants to become a Physician or someone in the health care field that he admires on the weekly discovery health shows he enjoys so much. One day by pure coincidence Jeremy has a unique accident and Jeremy is taken to the hospital. It is here where he lives through everything that he has seen on TV and meets the people that will forever change his life and certainly will make an impressive impact on his future. Do not miss this inspiring and heart felt story based on real life events about a boy named Jeremy from humble beginnings that gets more than a medical treatment from his accidental fall. Jeremy gets a mentorship that will inspire him to achieve his goals throughout life. I hope you enjoy and are inspired by this book to encourage our children to excel and achieve in school by believing in themselves for positive goals that can be achieved. This can happen when our children can be mentored to believe that they too can say, "I think I can be a Doctor". About Dr. John E. Bell: Dr. John E.
