Build solid mathematical understanding *and* develop meaningful conceptual connections. The inquiry-based approach holistically integrates the **key concepts**, helping you shift to a concept-based approach and cement mathematical comprehension. Fully comprehensive and matched to the Revised MYP, this resource helps you smoothly progress learners into DP Mathematics with confidence and supports the MYP eAssessment. Using a unique question cycle to sequentially build skills and comprehension, units introduce factual questions, followed by concept-based questions and conclude with debatable questions. This firm grounding in **inquiry-based learning** equips learners to actively explore mathematical concepts and relate them to the wider 21st Century world, strengthening comprehension.

Progress your learners into IB Diploma - **fully comprehensive** and matched to the Revised MYP

Develop conceptual understanding in the best way for your learners - learn by mathematical unit or by key concept

Drive **active, critical exploration** of mathematical principles - build rounded comprehension framed within the key and related concepts

Develop meaningful **cross-curricular connections** that help learners recognize and manipulate mathematical ideas in other disciplines

Support higher level thinking skills through an approach grounded in factual, conceptual and debatable questions

Build a solid foundation of **practical skills** with extensive practice equipping learners to apply skills

Fully prepare learners for the **MYP eAssessment**
