From what we read in the pages of the Bible regarding evil spirits, it is important to emphasize what the Word of God teaches in order to have a clear understanding of the subject of “spirits” – both as to their various names, but above all as to know how they behave and manifest themselves in their diabolic work in human life. Obviously, before reviewing the various Bible passages concerning “spirits”, we will give full etymological explanations of the Hebrew and Greek terms used in both the Old and New Testaments to understand better what the Bible teaches about this subject. The entire subject will be undertaken with the utmost Biblical coherency – with balanced exegesis and without forcing a meaning into the text that is not there. This, of course, is with the goal of gaining a clear and linear image of the subject. By this, we can completely understand how the forces of evil are manifested – their acts and operations in human life and at the same time, what must be done for those that are affected by these spirits for them to be liberated from these adversarial forces.
