Those of us who are waiting and watching for the imminent coming of the Lord JESUS CHRIST are constantly saying that the world will be on fire at His coming. We forget the fact that in many ways the world is on fire already. I believe we have in some way missed this point. This world of ours is on fire right now nationally. There is no great nation on earth that is fully at peace, not even our own United States of America. Think of the strikes, of the race problems, of the awful and many difficulties that beset us in our land. Multiply them by the tremendous burdens that are weighing down every other nation and you will see that I am justified in saying that the world is on fire. Think of England. Think of France. Think of Spain. Think of Germany and Japan. Think of the internal conflicts waging in Asia.
