**Cases, Problems, and Materials on Contracts (Aspen Casebook Series)** Thomas D. Crandall, Douglas J. Whaley

*Cases, Problems, and Materials on Contracts* is distinguished among other texts by its excellent organization and thorough coverage of the basic themes of contract law. The accessible, straightforward text begins with clear introduction to each section or concept. Carefully selected cases have been tightly edited for the best effect. Using an engaging problem-oriented approach, students learn contract doctrine by applying their knowledge to short, well-conceived hypotheticals. Offering a flexible organization, the book starts with “Offer and Acceptance” and moves on to “Consideration,” however, the book is designed so courses can easily start with “Consideration” or “Remedies.” Its flexibility allows for use in courses in which professors are required to teach sales, yet can also be adapted to avoid teaching the UCC. A manageable length accounts for the book being used in courses of 4, 5, and 6-hour length. The authors have worked closely on all chapters to deliver a seamless revision to this popular text.

## Key Features of the New Edition:

- The seventh edition begins with a new chapter containing an expanded introduction to the study of contracts law.
- Every chapter now includes new introductory material
- All chapters, with the exception of chapter one, end with an “Assessment” section, which consists of multiple choice questions and answers, designed to help the students review the material just learned.

The purchase of this Kindle edition does not entitle you to receive access to the **online e-book, practice questions** from your favorite study aids, and **outline tool** available through CasebookConnect. In order to receive the full benefits of CasebookConnect, the all in one learning solution for law school students, you will need to purchase a new print Connected Casebook.
