A short book about the positive aspects of spirituality. Cady simplifies metaphysics and practical Christianity from the perspective of her personal experiences. Published by the Unity Church movement. "We learned in the second lesson that the real substance within everything we see is God; that all things are one and the same Spirit in different degrees of manifestation; that all the various forms of life are just the same as one life come forth out of the invisible into visible form; that all the intelligence and all the wisdom in the world are God as wisdom in various degrees of manifestation; that all the love which people feel and express toward others is just a little, so to speak, of God as love come into visibility through the human form."
