## **Net Neutrality (Essential Library of the Information Age) Melissa Higgins**

The flow of information through our modern digital world has led to many new issues and controversies. Net Neutrality examines the question of whether Internet service providers should be able to charge content providers for faster connections, introducing readers to the history behind the issue and the modern arguments surrounding it. Compelling text, well-chosen photographs, and extensive back matter give readers a clear look at these complex issues. Features include essential facts, a glossary, additional resources, source notes, and an index. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of Abdo Publishing, a division of ABDO.
