## Scotland: The Wild Places Colin Prior

This latest collection of panoramic photographs by award-winning photographer Colin Prior celebrates the breathtaking scenery of Scotland's wildland areas. It follows the longstanding success of his earlier book Highland Wilderness. Whereas Highland Wilderness focused on the issues involved in conserving the Highlands, this time Prior presents a mature reflection on the space and silence of those wild places, a salutary reminder to people that even in today's world such places do exist. His remarkable images encourage stewardship of the Highlands by inspiration rather than rhetoric.
