Post-Colonial Transformation

Bill Ashcroft

Post-Colonial Transformation Bill Ashcroft

In his new book, Bill Ashcroft gives us a revolutionary view of the ways in which post-colonial societies have responded to colonial control.

The most comprehensive analysis of major features of post-colonial studies ever compiled, *Post-Colonial Transformation*:

- * demonstrates how widespread the strategy of transformation has been
- * investigates political and literary resistance
- * examines the nature of post-colonial societies' engagement with imperial language, history, allegory, and place
- * offers radical new perspectives in post-colonial theory in principles of habitation and horizontality.

Post-Colonial Transformation breaks new theoretical ground while demonstrating the relevance of a wide range of theoretical practices, and extending the exploration of topics fundamentally important to the field of post-colonial studies.
