2016 Edition - Explore the Profound Knowledge of the Ages...

Reading List and Anthology of Excerpts from Wisdom Masters Press books.

We invite you to take an amazing journey through space and time, ranging from the remote ice peaks of the Himalayan Mountains to the highlands of Tibet, and far back through the ages to the mystic landscapes of ancient Egypt. Explore the opportunity to unlock the greatest knowledge of the ages, profound revelations that for long millennia have remained hidden under the most intense silence and secrecy.

Sweeping in an immense arc across South Asia is the “Roof-of-the-World,” the Great Himalayan Range. Beginning with Kashmir's 26,600 foot *Naga Parbat* and ending at Tibet's 25,445 foot *Namcha Barwa*, it comprises an uninterrupted 1,500 mile long stretch of mountains with over 110 peaks rising to elevations of 25,000 feet or more. The vast range of the *Himalaya* cradles the most isolated areas of Earth's landmass. Towering ice peaks nearly six miles high conceal remote, lushly forested valleys.

For thousands of years, the largely inaccessible inner portion of this wilderness has been known in esoteric literature as the *Great White Island*, and has inspired countless stories and legends of a hidden society of masters possessed of great wisdom and power.

Absent an ember, there can be no smoke; there is a kernel of truth in all such ancient and enduring legends, and they cannot be easily, or wisely, dismissed.

Years ago, in a secluded part of that inner range, explorer M.G. Hawking chanced upon a valley nestled deep in the rugged wilderness. In that remote valley he encountered a small village called *Siddhalaya*. Ancient and profoundly beautiful, *Siddhalaya* is set in a majestic vale surrounded by vast snowfields that roll upward from evergreen forest to immense blue-white glaciers and encircled by Himalayan ice peaks so high as to appear overhead. Hawking's discovery marked the beginning of a series of extraordinary adventures and experiences.

Soon after arriving he realized, a bit like Columbus or Marco Polo, that he had discovered a world far stranger and vastly more profound than he had ever expected or imagined. In *Siddhalaya* Hawking had the privilege of meeting remarkable men and

women—introduced to him as “masters” and “adepts”—possessed of knowledge and power virtually unknown to the Western world. In these books, you will meet these exceptional individuals.

Magically entertaining and richly enlightening, this anthology will resonate in your heart and mind long after the last words have been read.
