The Last Daniel Study: What was, What is, What is to come Mr Marlo Keith Overgaauw

This is a “non-traditional” study of the Book of Daniel. We are going to take one of the most misunderstood and misinterpreted books of the Bible and turn it on its ear. Enough is enough. It’s time we got to the bottom of this. Matter of fact...if you believe prophecy we don’t have any time to waste on B.S. (“bible scholars”). We need facts. We have all kinds of end time scenarios that have been developed from the prophecies in this book, and the conclusions that we develop in this study are perhaps only just another for you to consider, though I think you will find a very interesting outcome that not only makes perfect sense but adds up too...finally. And that’s what makes this study different...it will add up and make sense. Very few people have the desire to question what is typically being taught from this book. Many just consider it too hard to comprehend, so they ignore it. Most people still find it intriguing and listen attentively when someone dares to attempt an explanation. But always the end result is the same... there is something wrong with how everything fits together. The average person who reads the Book of Daniel will find that it is not in order. It skips around and has overlapping prophecies, and that makes it difficult to follow. There are various kings all over the place, and visions that seem to have no meaning. Most people just accept what the ancients have put together, but there is always something missing. Things just don’t add up. But there actually is an order to the way it is recorded. Maybe you yourself have asked the Creator, “How can we have prophecy that is not fulfilled and, even worse, has no way to be understood by the common man”? BUT THINK...Why would our Creator do that to us? It should be clear to us if we are seeking God’s wisdom. MAYBE...it’s mankind that is making it confusing. I started out by just trying to put the books of Daniel in chronological order. That led to figuring out how these Kings lined up. That made me wonder what happened to all the other kings that the world says are supposed to be involved somewhere in this time period. How come the Bible doesn’t mention any of them? I also wondered what ever happened to Daniel and how did Esther and Mordecai fit into this picture. These are problems we are going to solve. We will have a solution when we put this study together with a few basic guidelines that will put everything in Daniel’s book into a clear perspective. Many prophecies will make sense and will be shown to have already occurred. Some of the prophecies are still yet to happen. Most of what you have been previously taught about the Book of Daniel is speculation. It was based on ignorance and bad information. The assumptions (business students understand the meaning of ass-u-me) are misleading and the facts are ignored. There is not much time left to get this straightened out. “He is coming”.
