Through the Dark Wood: Finding Meaning in the Second Half of Life James Hollis

The second half of life isn't about reaching a certain age or even "getting old". According to James Hollis, it is a pivotal time of rebirth when we stop living out the expectations of others-and start answering our soul's true calling. With *Through the Dark Wood*, this Jungian analyst and master storyteller provides an invaluable guide for listeners facing the challenges of midlife. Invoking a rich combination of mythology, poetry, and psychological insights, Hollis invites listeners to discover how the so-called "crisis" of midlife is actually a unique opportunity to grow out of the illusions of youth, develop true spiritual maturity, and live up to the greatness of your soul's desire.
