What is Numerology? Sonia Ducie

Numerology - the science, psychology and philosophy of numbers - enables us to use our mind and intuition to observe, connect with and interpret the cycle of numbers governing all aspects of life (1 to 9). Each of these numbers has its own set of qualities and meanings that can influence us at different levels - physical, emotional, mental and spiritual - in order to really make the most of life. After an insightful introduction about why the subject of Numerology is so worth exploring and the benefits it can bring, each main chapter then addresses key questions such as: Where does Numerology come from and how does it work? What are the benefits of applying Numerology to our lives? Can Numerology give me more insight into my own, or others', character? Can Numerology influence my aspirations and decisions in life? And finally, how can Numerology help me to become more aware of the bigger picture in life and make a wider contribution to society? As such, this book brings readers on an expert but exploratory journey through the world of numerology, reminding us of the power of numbers to cross all barriers (language, social and cultural), reminding us of our common quest to live happier, more fulfilled lives, and providing a fast track to truth and change.

From reader reviews:

Steven Holt:

What do you in relation to book? It is not important together with you? Or just adding material when you really need something to explain what the one you have problem? How about your free time? Or are you busy man? If you don't have spare time to complete others business, it is make you feel bored faster. And you have extra time? What did you do? Everybody has many questions above. The doctor has to answer that question due to the fact just their can do which. It said that about publication. Book is familiar on every person. Yes, it is suitable. Because start from on jardín de infancia until university need this specific What is Numerology? to read.

Kimberly Morris:

Here thing why that What is Numerology? are different and dependable to be yours. First of all studying a book is good nevertheless it depends in the content of the usb ports which is the content is as tasty as food or not. What is Numerology? giving you information deeper and different ways, you can find any guide out there but there is no guide that similar with What is Numerology?. It gives you thrill examining journey, its open up your current eyes about the thing which happened in the world which is possibly can be happened around you. You can actually bring everywhere like in recreation area, café, or even in your method home by train. When you are having difficulties in bringing the printed book maybe the form of What is Numerology? in e-book can be your alternative.

Candace Edwards:

As a student exactly feel bored to help reading. If their teacher inquired them to go to the library as well as to make summary for some publication, they are complained. Just little students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading really. Any students feel that studying is not important, boring along with can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this What is Numerology? can make you experience more interested to read.

Terrance Pitt:

What is your hobby? Have you heard that question when you got college students? We believe that that issue was given by teacher to their students. Many kinds of hobby, Every individual has different hobby. And you also know that little person just like reading or as reading become their hobby. You have to know that reading is very important as well as book as to be the factor. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You discover good news or update concerning something by book. Different categories of books that can you choose to use be your object. One of them are these claims What is Numerology?.
